UNIVERSITY OF ANKARA VIII. ARTHROSCOPIC LIVE SURGERY SYMPOSIUM 2024

Ankara University Faculty of Medicine İbni Sina Hospital Hasan Ali Yücel Conference Hall

Dear Colleagues,

We cordially invite you to the **8th Annual Ankara University Arthroscopic Live Surgery Symposium** from **1 – 2 March 2024** in Ankara, Turkey.

As the only advanced training event in joint surgery to date, our concept is not to offer predominantly lectures or videos "from the retort", but to provide 100% authentic education in the field of arthroscopic surgery by

- Live surgeries
- Live radiological analyses
- Panel Discussion

This meeting will provide various innovations and cutting-edge surgical techniques as well as approaches from national and international experts. They will share experiences, knowledge, new techniques, and advanced technique of arthroscopic surgery in 14 live surgery cases of various shoulder, hip and knee pathologies.

This unique concept means that the faculty will not only focus on the surgical techniques, but also on "the path to surgery", i.e. the indications, and discuss all of this with each other and with you.

Moreover, the event will offer:

- Live dialogue during the surgeries with the surgeons and moderators: You can ask questions directly and make comments.
- Panel discussions
- Exhibit Hall

Join us and participate in this unique event which will be held at the historic Ibni Sina Hospital in Ankara, Turkey
You will have a big benefit for your daily practice.
